Letter to Client

Hi I'm Christopher Kepley. I'm a 35 year old Christian Photographer and Graphic Designer.

First thing anyone should know about me is that I am a Christian and I do not apologize for it. God as always guided and directed the clients my way for my wife and I.

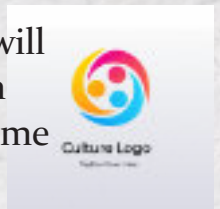

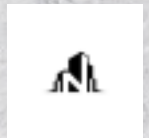

Second I have been doing photography for nearly 20 years. I

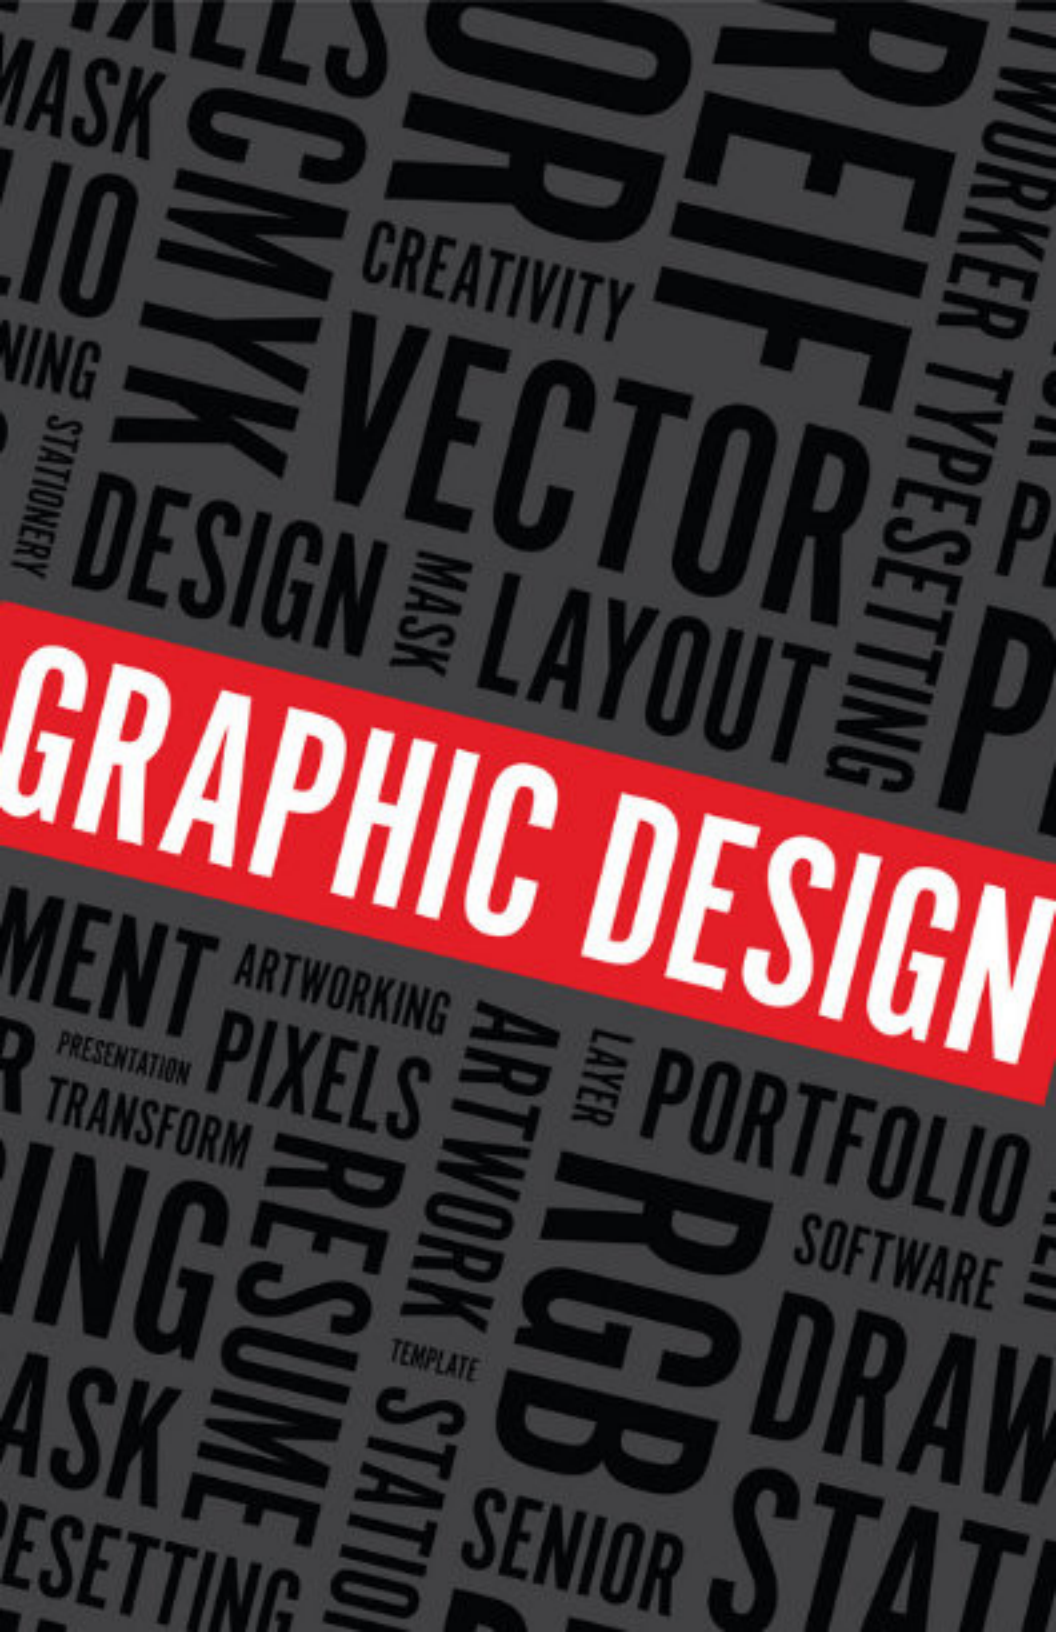

started taking photographs when I was 10 and have loved it ever since. The idea of freezing a moment in time to where it can be seen for years to come is the draw this profession has on me.

Many ask where my studio is located and I tell them it is the great outdoors. I am a 100% on location photographer. No place is too far and no job is too small. From a simple Family session to a large social gathering like a wedding or sporting event. I can handle them all, and anywhere I am needed.

Graphic Design Policies
